PROCEEDS TO BENEFIT  
OUR SCHOOL BASED SERVICES

*Help Us Make  
A Smile Happen!*

According to local school officials, one of the greatest reasons for school absenteeism is poor dental care. This problem is made even more difficult due to lack of transportation for clients and few dentists in rural areas.

Our mobile dental unit is taking Oral Health services DIRECTLY to the areas that need them most. Last year they helped make over 2,600 children's smiles brighter!

CareFIRST Carolina needs your support to continue to serve these most vulnerable children. Every 500 dollars we raise allows access to one more child for the year.
